## Roche International Capital Holdings Pty Ltd

The properties belonging to Roche International have been put in to the hands of a Melbourne based recovery and reorganisation company on the 12<sup>th</sup> May, all tenants of these properties had their leases and or agreements terminated, my business known as "The Market" had its agreement terminated also. I had a visit from one of the Directors and his associate this week and was given a letter advising me of the process that they have to take; they also made it clear that they had no intention of closing or changing anything at the market. I have since met and spoken to them everyday this week and have come to an agreement with them, on my continued involvement with the running and promotion of "The Market" so its heads up, a smile on the face and lets get this market back to the top. Thanks to all those that contacted me this week, it was quite stressful.

We had a really great response last week for the advertising and raised \$144 which has enabled us to post a fantastic eye catching ad in the Advocate this week and a better one in the Examiner. Unfortunately last week there was a problem with the fax between the Advocate and Examiner offices and our Examiner Ad didn't go in but we received a full refund of \$39.50 of which I put \$20 of toward this weeks (giving us a final total of \$164) and have saved the remaining \$19.50 for next weeks which will help with extra room to promote Gordon Brown's appearance. I'll bring a copy of both ads this week with me for anyone who missed them and would like to take a look. Our round up this week sees \$125.40 spent on the Advocate and \$49.90 on the Examiner, a total of \$175.30. Again if anyone wishes to help out or advertise their stall please contact either Cherie (Pandora's Box) Sally (Helicopter Kidz) or Kath (Lolly Shop)

GORDON BROWN THE SHOW "THE COLLECTORS" on ABC..

Gordon is booked in to "The Market" on Sunday the 30th May from 9am till 3.30pm. Please help with this promotion, tell everyone you know get them to bring anything in to "The Market " for a valuation
