ANCA Insurance Brokers Tas Pty Ltd, Devonport 03 6424 8886

I contacted the insurance company that held the insurance cover on the market about a new policy to cover the market operation and was shocked to find out that our insurance had lapsed quite sometime ago.

I have since on Tuesday taken out a policy that covers my company and I as the operator for Public Liability, for anything that happens in the market. A number of the traders have their own cover for their product and their own Public liability.

I will have to check with all the people that have a food stall they must have a Product Liability, I will speak to them this weekend.

For the rest of the traders you must consider if you require any cover, most of you would not, have the need, but it would be better if you spoke to

JAN FOSTER

I met David & Jan Foster a couple of weeks ago, we discussed their participation at "The Market" today I hear the news of Jan's battle in a Melbourne Hospital, knowing how this family are so close, the champions, that they are, that they get through this together, I hope and pray that she will recover and be able to get back out there and enjoy the good times with David and her family.
